PROCLAIMED PRESIDENT OF THE REPUBLIC OF CHINA

PEKIN, Oct. 28.—General Li Yuen Heng, leader of the rebel forces, has informed the foreign consuls at Hankow that he has been proclaimed "president of the republic of China."

The foreign ministers here have exchanged communications with Li on several subjects. They objected to his announcement that vessels carrying contraband would be subject to confiscation and also to his proposal to administer the custom revenues at the port of the Yang Tse Kiang and other cities when controlled by the revolutionists. The latter objection was based on the fact that the revenues are pledged as security for foreign loans and should be turned over to the British inspector of customs of China. Reports that the minister of war, General Yin Tehang is dead con-

tinued in circulation and are believed by many Chinese.

It was authoritatively announced here last evening that at the instigation of Yuen Shi Kai negotiations between the imperialist forces and the revolutionaries in the Yang Tse Kiang region are about to open.

It was also officially stated that Yuan Shi Kai will proceed to Sin Yang Chow tomorrow to take up the supreme command of the imperial army and navy at the front.

General Retired.
The minister of war, General Yin Tehang, who is at the head of the imperial forces, has been ordered to turn over his command to Yuan Shi Kai and to return to Peking at once. It is believed generally that Ying Tehang has been seriously wounded.

DID NOT WAKE THE NEWLYWEDS; HENCE BIG SUIT

PULLMAN CO. SUED FOR \$5000
BECAUSE COUPLE WERE NOT
AWAKENED IN TIME.

PITTSBURG, Pa., Oct. 28.—Because the conductor and the porter refused to disturb a California bridal couple after they had retired, it may cost the Pullman company \$5000.

A suit for that sum was brought in the United States court by Alfred Reed, who, with his wife and four children, went to California last June. Through the Pullman agent here they secured sleeping car arrangements and also contracted for return accommodation.

On September 11th Reed went to the agent at Sacramento and paid \$69 for a stateroom. At Truckee a bride and groom clambered on the train and took refuge in the Reed stateroom, the family being in the dining car at the time. The bride retired, according to the complaint, and the conductor and porter positively refused to disturb them.

TONOPAH WOMAN RECOVERS MONEY

FEDERAL JUDGE RENDERS A
JUDGMENT AGAINST COAST
BANK.

RENO, Nev., Oct. 28.—A decision was handed down on Wednesday in the federal court at San Francisco in favor of Bertha Smith of Tonopah against the National bank of D. O. Mills & Co., for the full amount of \$4719 with interest. The history of the case is intertwined with the failure of the Nye & Ormsby County bank several years ago.

Mrs. Smith was a resident of Tonopah and went to Sacramento on a visit. While there she informed the cashier of the D. O. Mills bank that she wished to draw upon her bank account in the Nye & Ormsby County bank and presented a draft. The money, after being secured, was to have been left on deposit in the Sacramento institution. The Sacramento bank sent the draft to the Washoe County bank in this city, which in turn sent it to the Tonopah bank for collection and return. The draft was paid by crediting the Washoe County bank with the amount and charging it to Mrs. Smith as against her account.

On the following day the Nye and Ormsby County bank suspended and the account was wiped out, the draft being returned to the Washoe County bank.

DISTRICT SCHOOL SUPERINTENDENT HERE

B. G. Bleasdale, deputy district school superintendent for Nye, Esmeralda, Clark and Lincoln counties is in Tonopah today in the interest of the public schools. Mr. Bleasdale is a valuable man in the position he occupies, and much good in the advancement of our public school system will result.

NEW FEDERATION FOR ADVANCEMENT WOMEN'S CAUSE

NATIONAL AMERICAN WOMAN'S
SUFFRAGE ASSOCIATION
ADOPTS POLICY.

LOUISVILLE, Ky., Oct. 28.—Plans for the organization of the National Federation of Voting Women were laid by delegates who attended the recent convention of the National American Woman's Suffrage association and who remained in Kentucky until last night for a trip to Mammoth cave. Mrs. Geo. A. Smith, president of the Woman's Suffrage organization in Washington, made the announcement last night when she, with the others in the party, returned to the city.

"The federation," said Mrs. Smith, "will be formed by the enfranchised women in Washington, California, Wyoming, Idaho, Utah and Colorado—the states in which they have the ballot. I have arranged to begin active organization work as soon as I return to my home in Seattle. It is our plan to use this federation, among other things, in a concerted action to aid the women of Oregon in a campaign for suffrage they will soon enter. When Oregon is added to the list, the federation will turn its attention to the states eastward."

REPORTS YES- TERDAY AS THE BANNER DAY

Charles J. Blumenthal, broker and fiscal agent for the Tonopah "76" Consolidated, reports that yesterday was the banner day for the sale of stock for that company, and that at the rate it is going there is but little doubt that the whole issue of 100,000 shares will be sold before the 1th of next month.

The splendid location of the company's ground, bordering as it does on two of Tonopah's most prominent mines—the West End and the Tonopah Extension—the fact that the stock has been put out at a remarkably low rate, and the unquestioned integrity of the men who are conducting the company's affairs, are the incentives that are making this proposition a very popular flotation.

MINING MAN COUGHS UP STORY

JAMESTOWN, Cal., Oct. 28.—Harry H. Thompson, a former well-to-do Shasta county mining man, has admitted participation in the robbery of a store at Douglas City, Cal., on October 4 and an attempt to kill Deputy Sheriff Van Matre the next day. The confession was made to Sheriff J. H. Boyce, of Trinity county, who arrested Thompson on suspicion.

CRAZY JAP SHOTS HEAD MAN OF BIG MOTION PICTURE CO

LOS ANGELES, Oct. 28.—W. M. Selig of Chicago, head of the Selig Motion Picture company, was probably fatally wounded, Francis Boggs, manager of the Pacific Coast Department of the picture concern, was killed, and a Japanese gardener is in jail, charged with the crime which allegedly was committed without provocation when the Japanese suddenly ran amuck.

The tragedy occurred at the studio of the Selig company at Edendale, a suburb of Los Angeles. Selig, who had arrived here on business from Chicago only yesterday, had gone to Edendale early to meet Boggs.

The two men were holding a conference in the office, when, according to the police, the Japanese, who gave his name as Frank Minimatsu and who had been employed at the studio as a gardener for two years, suddenly entered.

He was armed with a revolver, with which, without a word of warning, he immediately opened fire upon the two men. He fired five shots, two taking effect in Boggs' body and two in Selig's, while the fifth went wild.

Boggs was hurried to the receiving hospital, but was pronounced dead when he arrived there.

Selig, suffering with a bullet wound in the head and another in the arm, was taken to his hotel.

Officer Hagenbaugh, a mounted patrolman, was passing the studio at the time of the shooting. He ran to the scene and with the aid of W. Fantschi, leading man of the motion picture company, and several other actors, succeeded in overcoming the Jap.

The Jap was taken to jail, where he maintained a moody silence, refusing to say a word in explanation for his sudden change from a polite servant to an alleged murderer.

The actors who assisted the officer in taking Minimatsu to jail showed the effects of their struggle with the Jap.

They could offer no explanation for his alleged act.

The police say they believe the Japanese was crazy.

T. J. Lynch, who has been in Arizona examining mining property for the past ten days, returned to Tonopah this morning.

DIRECTORS OF MONTANA WERE IN SESSION TODAY

The directors of the Montana-Tonopah Mining company are holding a directors' meeting this afternoon. It is said that this meeting will result of much good to the stockholders of the Montana company. The following directors are present, all arriving this morning: Charles Knox, president; Sam L. Kent and J. M. Winn, of Philadelphia; Sam Mendenhall, Dudley Baldwin, T. J. Lynch and W. B. Alexander, secretary and treasurer. After the meeting the directors will go underground in all of the producing mines of this district.

BANDITS ATTACK TOWN AND ROB THE ONLY BANK

SHAWNEE, Okla., Oct. 28.—Robbers attacked the town of McComb, several miles from this place, yesterday, cut all telephone and telegraph wires, then blew open the safe in the town bank.

They got a large amount of money and escaped before a sheriff's posse could head them off. Men are on the robbers' trail now and it is expected they will be captured before night falls.

Rev. Herman L. Burnham and wife, after a month's absence in Arizona, returned to Tonopah yesterday.

THREE JUDGES WILL TRY STEEL TRUST CASES

TRENTON, N. J., Oct. 28.—Three judges, and not one, as originally reported, will sit in judgment on the suit of the United States Steel corporation, it was announced here yesterday.

They are George Gray of Wilmington, Delaware; Joseph Buffington of Pittsburgh, and William M. Lanning of Trenton—the same tribunal which recently crowned with success the government's first fight against the so-called powder trust.

Service on defendants residing in New York will be made through the offices of United States Marshal Henkel in that city.

Trial May Be Delayed.
The United States attorney general's office here was not optimistic of a speedy trial of the suit.

In the suit against the powder company it was pointed out, twelve volumes represent the testimony and the pleadings taken during an interval of three years after the filing of the suit.

The case against the steel corporation, considered even more far-reaching than the powder suit, will hardly be completed within less than this time, they believe at this writing.

Even then, they point out, the final decision may be delayed two years or more by appeal to United States supreme court.

On December 4, under the rules of the court, the defendants will answer the subpoenas and nothing more.

Failure to do this involves a penalty of \$500 fine and contempt of the court which may be pushed with imprisonment.

500 PASSENGERS AND \$1,000,000 GOLD FROM ALASKA

SEATTLE, Wash., Oct. 28.—The steamship Northwestern arrived yesterday from Nome with \$1,000,000 gold bullion and more than 500 passengers. The steamship Victoria is on the way from Nome with gold and passengers. The number of persons remaining in the northern camp is said to be less than 1500 as against 2800 who stayed last season. The weather at Nome and on the lower Yukon continues fine and mining work is still in progress.

SMALL SIZED ARMY HUNTS FOR NEGRO

MARSHALL, Tex., Oct. 28.—Scores of armed men late yesterday went on a hunt for Will Ollie, a negro accused of assaulting a farmer's wife near this place.

The woman was seriously wounded. If the negro is caught he will probably be lynched.

AN ARMY OF 60,000 ARE ENCIRCLING CITY OF TRIPOLI

MALTA, Oct. 28.—Uncensored information from Tripoli is to the effect that something in the nature of a panic has seized the city since it became known that a Musselman force of 60,000 Turks and Arabs is threatening Tripoli.

The force is well armed and well provisioned.

But for a premature attack by a party of Musselmans on last Monday the Italians would have been ambushed, completely surrounded, and few would have survived, so numerically superior were the Turkish and Arabian troops.

From forty to fifty Arabs are shot daily in the city of Tripoli.

A Number Wounded.

TRIPOLI, Oct. 28.—A report from an Italian source recounting

the battle of yesterday, place the Turkish and Arab losses at more than 1900 killed and a large number wounded and the Italian loss at 100 dead and wounded.

The attack was made before daybreak and took the Italians by surprise.

The Arabian and Turkish cavalry threw themselves against the entire Italian line, which were formed in a semi-circle behind the city, the ends extending to the sea.

The Turks put their whole normal strength against the Italian center, which it succeeded in smashing to pieces, but the Italians rallied and drove back the enemy, inflicting heavy losses.

The Turkish horsemen and foot soldiers displayed remarkable bravery.

MORE JURORS WERE CALLED IN M'NAMARA CASE

NINETEEN SECURED OUT OF
SECOND LIST SUMMONED AND
ELEVEN EXCUSED.

LOS ANGELES, Cal., Oct. 28.—Nineteen new veniremen were secured out of the second venire summoned in the McNamara murder trial. Eleven others were excused at a preliminary hearing yesterday before Judge Walter Bordwell, and ten were not served with summons because they were out of the county. Sheriff Hammel and his deputies working all night summoning men whose names were drawn from the red jury wheel yesterday noon.

Senator Gore of Oklahoma, who is on a tour of the coast, visited court yesterday to see Attorney C. S. Darrow, chief counsel for the defense, who is an old-time acquaintance.

FIRST DECISION IS VERY MUCH IN NEVADA'S FAVOR

COMMERCE COURT DECLINES TO
GRANT TEMPORARY IN-
JUNCTION.

WASHINGTON, Oct. 28.—At the conclusion yesterday of the arguments in the Pacific coast cases, the commerce court declined to grant a temporary injunction in the Salt Lake case at the request of the transcontinental carriers.

The interstate commerce commission issued an order requiring the transcontinental railway to adjust their rates to Utah and Nevada points so as to avoid discrimination in favor of Pacific coast terminals to become effective November 15.

Those decisions by the commission involving the construction of the long and short haul provision of the interstate commerce act were reserved for decision, but the Salt Lake case, in which the railways had been asked for an injunction restraining the commission from putting into effect its order, was decided by the court adversely to the railways.

The other cases, including the long-pending Spokane rate case, in which the railroads have asked for an injunction to prevent the commission from enforcing its orders, probably will be decided in a few days.

APPROVES DISMISSAL OF THREE MIDSHIPMEN

WASHINGTON, Oct. 28.—President Taft has approved the dismissal from the naval service of Midshipman H. B. Annin of Montana; and Midshipmen Fletcher S. Bleakley of New Jersey, and E. F. Leahy of Wisconsin, all of the naval academy, for serious breaches of discipline. The case of S. Roberts of Illinois, a cadet involved in the same trouble, has not been acted upon.

MUST ENFORCE LAW AGAINST BOTH RICH AND POOR

LABOR UNIONS AND CORPORATIONS MUST OBSERVE
STATUTES.

MILWAUKEE, Wis., Oct. 28.—Speaking here yesterday to several thousand employers and employees, President Taft said the law must be enforced against labor unions and corporations, against rich and poor alike.

The luncheon at which the president spoke was unique. Senator Stephenson, whose election is at this time being investigated by a congressional committee; Senator Heyburn, who is chairman of the committee that is conducting the investigation, and former Congressman Charles E. Littlefield of Maine, who is Senator Stephenson's attorney, sat at the same table with the president. Governor McGovern, Congressman Berger and Mayor Seidel were close to Mr. Taft also.

Last Leg of Journey.

With his departure from Milwaukee for Chicago President William Howard Taft practically brought to an end the last leg of his swing-around-the-circle, as it was originally planned at Washington and Beverly.

SUFFRAGE PARTY OPPOSES UNIFORM DIVORCE LAWS

BELIEVE SUCH LAW WOULD BE
MADE BY MEN—DISCRIMINATE
AGAINST WOMEN.

NEW YORK, Oct. 28.—"Until the enfranchisement of women, we call upon all women to oppose the idea of a uniform divorce law," reads a section of the platform adopted by the women's suffrage party of New York at its third annual convention here. The clause adds that such legislation at this time is opposed because such a law enacted now "would be made by men only and would therefore necessarily discriminate against women."

WORK BEING PUSHED AHEAD AT MIZPAH EXTENSION

Much substantial development is at present going on at the Mizpah Extension mine. The south crosscut from the 1000-foot level is being pushed ahead and has hitherto been in the Montana-Tonopah breccia formation. A slight change occurred during this week, the crosscut breaking into a highly altered formation, showing some manganese and a little iron. The Little Belle vein cut in the Belmont mine on the 1286-foot level is going toward this great property.

Roger Knox, brother of President Charles E. Knox of the Montana-Tonopah Mining company, arrived from San Francisco this morning. This is Roger's first visit here in several years and has been kept busy today greeting old friends.
